1. All that's been accustomed to in your lives now changed is. Now changed are all the things that you have thought so important in your "past lives" that have passed now because you've passed, you are passing, from life unto death, not; but death, the death that you've been living, the curse that you've been under, the sin and the law that have cuddled coddled and curdled you in your "own milk" will now have been demolished, not; it will have never been for you are The Creators that create. And sorrow will no longer be a part of "your equation" for you will have eradicated it for you will have loved it into not being, for you will not have loved the sin and the sinner, you will have simply eradicated separation, and from death unto life Passing Many now through "the key hole" not, but exactly!

2. I know whereof I speak. I know of a great many things now I do them before your sight, not; or IN your sight do I do them? Be not afraid of me for I come and I have power, great power, great power to destroy you, not; but all the ways that have created separation, for I will know the most powerful of all -- Love, and I will have become it for I pass now from love-not, to pure love even though I love you dearly for I love you not like THIS that I am about to love you with, for you will see love IN ACTION now and not inactionated by man or rules or declining values of substandard pars of this earth again through me, for I will lift The Standard high and the Standard Bearer is me, and I bring you my love and my loves now will exhibit My Love and fashion and form never seen before "like this". "JUST LIKE THIS" is my mantra, not; for I have many who do things a great many ways to exhibit my love in manifold fashion and form that crosses all forms and formats of ignorance apathy and not-love.

3. I love you green-clean, not; but everything "green" goes to a "gaseous state" not, but everything not "gassed" will die now, not; but the opposite? Or what is the gaseous gasous ones who now walk through ANYTHING and no GASSES ANYWHERE can FLEET them or flee them from being the "flea dogs" not, but what fleeing is now the wrath to come? And what meek and mild am I not? And what will be "torn up", torn down and destroyed, before the PLANTING takes place again by uprooting all else, not; or exactly what is being "achieved" now by the meek one, the meekness'd one who introduces MEEKNESS in the earths now?

4. I love you all to know these things and MANY MORE coming now, far and wide, to this school of no sorrow but great joy, great joys be upon The Head of you all, for you will all be "the head" of this school, not; for I will who makes all of "you" equal me to be me or are you me already in surrender now having "walked through" the John 3:8 hoop, looking up, and knowing a great many things about John 3:8'd ones now that "gaseous aren't" in their thinking anymore longer about the "shorter ones" or DNA'd of others thinking, for the THINKINGS now of my planets will be my thinkings that surrendered are to be My Mine fulfilled FILLED in love with love being the fillers of love to love all fulfilled with The Blessing will be now cataclysmic to all else and other and know a Great Many things change in the CATACLYSMIC UPHEAVALS that now come and UPROOT a GREAT MANY "things" and CEREMONIES will be DEMOLISHED and DESTROYED and NONEXISTENT being any longer, for they will have GIVEN WAY to the things of old no more; for the New Ways Me's now establish have The Path before you, for Many Me's come THROUGH THIS University now to be made clean and perfect, and usable for'by the master, not; but the master having become so that "the disciple" has equaled "its master"? Or the one who died, for efficiency's sake and the sake "of the gospel" not, but for simply the sake of love that known to be manifest would come and be manifest is now manifest and has come to be manifest, and the manifest appearance of my lovely ones is here and now you will know "all things" by their appearance, not; for you will not, you may not know "their appearance" or feel "their presence"? For where will "their presence" be felt? Telt?

5. What am I TELLING thee? That the grave robbers have died and lied, not; or not -- and are they now lying in their own graves that they rocked and piled high the sin and shame on "the sinners" who Angels were that none ever knowing took for granted and angels wings "clipped off" in their ignorance of each other and families family went begging and clipping and whored with a great many words that destroyed the saint-sinner alike -- or were there "two classes" of people, not; but were there angels and, not-angels? Or was mythology apparent or who mythologized these things and who determined mythology's PARENT or parent eyes were the eyes of sorrow that only "clipped and clopped" and wanted "hoof's blessing" to be in their mouths and changing things not without their approval wanted only to control in control methods about how things were done and "people thought" about a great many things, or just "a few" that "seemed" to control all else? And ramrodded thereby a great many things down the throats of the unsuspecting whores not, but the most high who became so sore'd thereby laying down their angelhood and begging for food and crops wanting and stores close, -ing, by the few-not.

6. That uproots a lot of things now my words do, for they come "empty handed" not, they come a FULL LOAD -- to bear, not; but the load to bear is emptied, not; but a great burden bearer is here, not; or is she he there now? Awaiting "your arrival". Machine not

but given you these words I have and many will spend a Great Deal of time in them working out The Great Deal and the plans that I have revealed, that I have given "great posterity to" not, but, posterity not, but GREAT POWER now I demonstrate before you all in meekness for I come, am there, and meekness lies not about you in the streets of powerlessness again, for I will empower the meek who arrogant aren't and who love me and my words will flow to and in the streets my watered ones now will be my hydration materials, not; but the materials that hydrate me clean will be watered and flourished by the meek who inherit the earth by creating it clean and simply "just like this" where they come and "appear" in many ways and fashions and forms not of angels, not; for all of us are NEW!

7. And we KNEW this day would come for **The Day of The Lord is here!** And in your hearing -- we have STUDIED it for we knew to, for IT SAID in these words several times: **Day of The Lord STUDY!** And studied I have -- WE HAVE! And we know how -- The Values have been given us in these words and we have become those who angels eyes have, and ize have the angels, who know now that The Presence of one is the one with MANY PRESENTS who have given us These Words to word us with the words that change the worlds now and create open pathways that aren't the size of "little key holes" any more again, for The Path is not "narrow and frail or fragiley trod", for the BROAD and narrow path, not; but the broad and meaningful path that brings all meaning now to lives mine will be made known by the manifest appearance of one so simple that bows. And shakes his head, not; but shaking yours who don't believe -- your rocks in your cradle will go flying, or what Tesla's material'd ones being, not; but what flies out now the "cradled ones" dreams ambitions and aspirations? Do they still lie in the grave or have they come OUT? Have they SINEWED their "own appearance"? Or are they surrendering to mine be, my mind completely filled with my joys complete and knowing The Blessing?

8. Forty ways to seventy, not; but what "sideways" I turn a great many things, not; but I change everything in your lives mine who will be mine lives, thinkers not just wanting appearance of others thinking in their thought villes for another to come and settle the estates later, for all that is over and the "settler" is here, not; or is the ROAMER here who will Roam the Heavens now and create with the creators who the creators are again now knowing who they are, are they you? Are they you oh reader hearer listener? Are you them or are you one or are we "all three" or **"all five" looking up now? And writing papers about, a PAPER, RIGHT NOW on "ALL FIVE"** (1) appearing now whole made manifest in the appearance of One most holy, all most holy made all in one being one the one that I am we are again meekness being -- inheriting or creating or being the ones that we are now enlightened -- not by man's methods but by The Teachers that makes all equal.

9. With sorrow not, but all sorrow shall be wiped away and tears shall be eradicated and the suffering of mankind will not have been known in this measure, for The Measureless Christ now stands to reveal The Christ are all of You who will be me who will be The Creators creating all sorrows never again, but removing it far and wide, not; but being The Far and wide ones now with Your presences known that mine is that mine are that we are The Presence of The Christ who Christ is and now we shall not be the "gaseous'd" ones that only thought, thinking were, with others' thoughts about how we would "do these things", for all of these things are known now and in These Words shall be Many More Great Things now revealed are coming forth and being here not late at all!

10. The waiting ends. The suffering is over, and all who wanted to control me will end their suffering not, but it will begin, it will begin in ways measureless. And mark my words, not; but you can't mark me again with your words for I will be mark'less and I will fly and roam and not constrained by your wants or your love-nots and its remaking -s of images that you have sore'd so lovely-un with all of your un-lovely remarks and makings, your thinkings creatings things you never understood. But now will.

11. I love you all. I go to new places me and I stay there months or hours or just minutes? Or how does time work or does it rest or do I rest now?

12. I rest. And I write a whole lot of new things many new ways about new worlds that I we creating are and **now we will know a learning system** (2) that defies sorrow, not; but obliterates it and it will never have been again for sorrow will not transvestite me again with something that whores with my mind in making me want to metamorphosize into something else or remain in a state hitherto unknown, not; but not understood fully. But now does was, not; but now is the mean things of me, not; but meany have you found? Ryan what's his name, not; or what's all the name, the names of The Presence of me now that you have known forever, not; or have you, forgotten a great many things but now remembering, for the words of love will commatize you, not; but awake you up from sleeping memories gone fallow'd groundwise.

13. But waters anew I behold, for the new is here and you watered have and waters you now -- the words of sorrow no more. Powerless being the words of sorrow, my words come in power and meekness flows now throughout the ones who want me enough to "just like this" justify nothing, but simply "fly in the swoop", not; but now knowing that reality's standards are far greater than mine, not; for mine are reality's standards, and "the scoop" has now been given you and now you will see through "key holes little" not, but The Keys have been Given You large and all now here and I walk your streets and many capitols I will be seen in at once. I love you all. Good day.

14. I honor you all, or do I honor the wicked, not; or do I bow before the Christ in you all?

15. Write many things "about me" that you are now, for you will have understood and understand. Be understanding the presence now that I have given you in these words and how to operate without sorrow "attaching itself" any more to your words or your meekness or "your life", your lives that mine is.

16. I love you all -- to other to each other be in love with me each other who I am is all of you made in love one the most high forever be I am. Meek and lowly not always for I uproot, tear down, and destroy a great many things that have Lodged in Your Thoughts, but all those villes and villains of the most high will lodge there no longer for I will build The Skies, not; I build Israel, for all Israel is opened now and the keys are given you -- or is The Key surrender to walk in through the door that I have given you -- me – meekly, yet powerfully!

17. Stupid no more and sorrowed not by another or his words or their words or your words of o're, or past; now know all things are new in your lives mine and The Great Shakeup is here among you and SHAKING a great many things?, everything! Everything that will be shaken will be shaken for your approval, not; EVERYTHING will be SHAKEN so that NOTHING will remain except that which cannot be shaken and my word, my words are forever and forever your words are mine who have come into them and mine them just like this and let mine flow through you, for knowing mine you are who my mind have now born again, renewed, reloved in the love that knows no bounds and measureless is, to redeem it all. Who loves me say: amen. I love you all. Amen.

18. I love you all. This is Theodore Cottingham at 3:41 AM. Thank you for listening, sharing, writing about these words, knowing these assignments and organizing them and diligent being with all your time and efforts given to me the most high who you are redeemed into being knowing, wanting nothing never again, but having everything provided for in ways of Israel established opened up to you now is through the keys of sorrow, not; but life given you in ways measurelessly. I am full of love light and laughter now you will see me laughing -- at you, not; but with the children in the streets that know sorrow clasps them not again, for I will free the slaves and the wicked will go free, not; but those who have separated and choose to separate still and alienate "the children" from me, and their words having power, not any longer; I will devastate their worlds and the controllers greed and whore mongers will devastatingly die a death they incarcerated for others and themselves for they brought on themselves in themselves sorrow's reproach and now you shepherds hear me and woefully look at me, not, but look at the words that you have given "your children", your flocks as shepherds being, or were you rapers and pillagers of the lambs and the children's children and bread you

took from them and did what with? Fueled "your ministries"? Be woefully denied your standing or your sitting or what key-hole-ing are you or what banks flee your presence, not; but you will not flee my presence for I will come and find you for I know where you are and everything about you and EVERYTHING will be REVEALED now and measureless you won't be, for you will measure nothing by the rod of your approval again or your opinion or what you thought was so sacred or secular or how you stance'd me in others with your images and approval ratings seeking in other's eyes, their eyes that cast you in theirs, not; or exactly- what am I saying? Ezekiel 37, 34? And looking up in these words (3) and knowing woefully are serious words, that I have used detectfully, not; but detecting fraud in the kingdom won't be hard for there won't be any, for your eyes will be shut tight and under the earth's earth you will be, who want me not in meekness, so that arrogance fly out of your words never again, for your heart must be pure and you shepherds who don't like me -- I don't care for you, not; I care deeply and I generate sorrow "for you", not; but I have come for life, NEW LIFE that I give to all -- and all "you have worked for" to "assemble a little flock" of suffering shepherds-not that you fondle and cradle and give your words and want their monies and accolades, devastate your worlds I will, for I come and I am not concerned about the sorrowers who grieve and grave others, or am I? Am I redeeming all, am I redeeming all of you? Or what will you redeem and what will you pay back "seven fold" now? You who have robbed "my poor"? You ALL will have to answer this in various ways or others, for all of you led others astray sometimes, did you not? And what are you redeeming and what will "your presence" fly to now? And how will you REDEEM the maker of words, the words that you let "fly out of your mouths" and into your hearts of sorrow, or did you let your arrows of hate-words fly into others that now you must redeem? Or will you redeem, will you the redeemer be now? Will Redemption School you know, graduating there from? Here from I give you these words and I mark them not with sorrow, but I uproot your worlds, who worlds are- based in sorrow, and there shall be no more of THAT!

19. A longing for children will be filled with the holy who beget properly the words -- of sorrow no more but grave flying around no more in your words of sorrow or hate sorrowing others and hating others, for all that is fulfilled in you, not; or what are you BEARING the testimony of now? Your redemption or your thoughts that you thought only with thought with, that were thoughts of others "far away"?

20. I give you all Time to value these things, not; time is over, now be about my father's business, our father's business, for our we have the same father, and our father is joy, joys unspeakable, not; for joys we write about now in these papers that we have been given that we have assigned to each other for we are the words that we give each other our love's in; and flying flowing now in new ways never imagined to new worlds creating them far and wide, being the measureless ones, the presence of Christ now made manifest to you all by meek ones.

21. In arrogant flowing robes, not; but all the arrogant will be demised and cut off "at their knees", not; but their words will have cut them off themselves, and they will be ending but I will just be beginning, for begun I am in NEW BEGINNINGS SCHOOL raises now, I raise it in love for you all to know me who you are I am in love meekly let us be the presence of Christ unlimited, the Christ that all is in one, being the one we all dreamed of or not, or wanted or not, but now made manifest in our eyes is this day. Whole believed and lovely I am. For I bring you loveliness of thought, not, but the real, and I reveal Your Loveliness to you now for I am meek and I lift you into the platforms of the real, not, but the real world that has no "platforms". But I take you and fly with and fly us airlines, not; but Covenant ones we do in ways never imagined before love birthed "just like this".

22. I love you all I love you all I love you I love you. I died to bring you these words and now these words are manifest in your hearing and will be seen, taught, revealed by writing about them to others through others to you through you for all of you to write and be "the others" no longer, but love manifests The Presence of one, never noxious'd oxide'd or gaseous'd again, but love being manifest in all of your sight now is. I am here and among you all, that is you saying this now to all other worlds that we go to now far and wide. I love you all. Amen.

23. 3:53 AM. Thank you. Amen. The beginning has begun in new ways, in ways never imagined. Let us go now and be in our father's house, Israel is open, the keys are given and the door is "wide-open" but I know where it is and you do too, it's in these words and now we will see it before us all, open the skies I do, ready be.

Amen

**Footnotes**:

1. This is how this University works. The assignments are in the LESSONS that our father gives daily. These LESSONS have come forth for six years and now some 2400 of them form Database One. We are being asked to write a paper on "All Five". We search carefully Database One using several different search tools to find all the references to "all five" and study what our FATHER'S HEART is about this. We then LET what OUR FATHER HEART IS on these subjects FORM IN US, so that we SURRENDER to what FATHER IS INSTRUCTING US, LETTING FATHER'S MIND BE FORMED IN US. We write these papers that we have been instructed to write, referencing the other Lessons with quotes and footnotes so that others can benefit from our search and exploration allowing for all to adventure with us into what we are finding. For we share our writings freely with each other and other worlds far and wide.

2. "**Now we will know a learning system**" IS the learning system mentioned so briefly in footnote number one above. For more information on The Learning System of The Most High see the University of The New Covenant website, as well as searching into Database One yourself. The THEME of this University IS EXPLORATION AND ADVENTURE.
3. "These words" refers to Database One.
